THE TINGLE NURSERY CO.
PITTSVILLE — MARYLAND
Special Until Nov. 1, 1943

Azalea Hinodegiri 4 to 6 in. \$16.50 per 100;
\$155.00 per 1,000. Samples for \$2.00.

When Will The War Be Over?

You know just as much about this as we do. But, whether war is over in 1943 or later we feel sure you will be able to sell good nursery stock at good prices if you can furnish the stock.

If you have the necessary labor to care for the stock, our advice is to plant what you can handle. Not because we want to sell more lining-out plants but because we know the supply of good nursery stock is going to be much less than the demand when there is again labor enough to plant and care for it.

We do have a good supply of stock, especially lining-out stock, but we do not expect to be able to propagate one-fourth as much as we usually do. This will cut our supply of lining-out stock two to four years from now.

THE TINGLE NURSERY CO.

Business Information

THESE PRICES are in effect for Fall 1943—Spring 1944 season.

PRICES named in this Trade List apply only to orders placed by nurserymen, florists and dealers.

PACKING. All goods are packed in boxes and bales for which we charge sufficient to cover cost of material used. We will add this cost to your invoice. This cost applies whether you remit with order or buy on time terms.

CLAIMS, if any must be made immediately upon receipt of goods, and if just, made satisfactory, but in no case are we responsible for more than the purchase price of the stock in question. **We will not be responsible for failure to fill orders in full or for any damage or delay to stock after delivery to the transportation company.**

TERMS. We offer the usual terms: net 30 days from date of shipment to those of known responsibility **but must have satisfactory business references from others or remittance must accompany order.** Those desiring stock shipped C. O. D. will please remit **one-fourth** the amount of their purchase when ordering. Other terms by special arrangement.

NON-WARRANTY. We give no warranty expressed or implied, the purchaser assuming all risk and responsibility of transportation, growth, planting, life of stock or any other matter on any stock we sell. We send out good stock carefully grown and packed but cannot control conditions after it leaves our care. We exercise the greatest care to keep our stock true to name and are willing to replace on proper proof any stock that may prove otherwise, or refund the amount paid us for such stock, but it is mutually agreed that we shall not at any time be liable for any greater amount.

TELL US HOW TO SHIP. Whether by express, motor truck or railroad freight. If by motor truck or railroad freight, tell us the route or over which line you want delivery made. If you do not give this information we will use our own judgment as to route and method to use. **It is mutually agreed that whether you name the route or you leave it to our own selection that we will not in any way be responsible for time or condition of delivery and that our responsibility ceases upon our delivery to the transportation company.**

TIME OF SHIPMENT. We ship most every week in the year with the possible exception of during the winter when bad weather makes it impossible, although this is very seldom. Of course, there is a regular season for shipping the different plants but if you want them out of season and are willing to take the risk of good delivery we will pack with the utmost care and get them off to you at most any time you want them.

Quantities: 1 to 5 at the each rate, 5 or more at the 10 rate, 25 or more at the 100 rate, 250 or more at the 1000 rate.

All Lining-Out sizes are marked by an *. Sizes not so marked are classed as Specimen Stock.

Azaleas

Azaleas have been one of our specialties for many years. This season we are pleased to offer a nice stock and at very low prices, too. If you have not been getting Azaleas—Lining-Out or Specimen—from us, we wish you would try ours this time. We aim to please you with Azaleas as well as with our other stock. Most of our 2-in. pot size plants were potted in summer of 1942 and are an especially good buy.

Azalea Rooted Cuttings

We can furnish nice strong rooted cuttings of the following azaleas at \$2.50 per 100 \$22.50 per 1000.
Hinodegiri, Snow, Salmon Beauty and Coral Bells.

1-yr. Potted Plants

We can furnish 2¼ in. pot plants, potted one year ago, very nice, of the following varieties at \$6.50 per 100, \$60.00 per 1000. Hinodegiri, Bridesmaid, Coral Bells, Hexe Pink Pearl, Salmon Beauty and Snow.

Varieties with an asterisk * are the hose-in-hose or double type.

Each X means one transplanting.

Our 1-yr. field beds XX trans. have been grown in pots one year and in outside beds one year thus making them really two years old. The 2-yr. in field beds XX trans. are two years from pots and thus three years old. Please remember this when comparing prices.

KURUME AZALEAS

The Kurume Azaleas are one of the most showy of all flowers for the garden. They are also well adapted to forcing—thousands of them being sold for Easter, Mother's Day and Decoration Day. They are comparatively easy to grow and they make such a wonderful display that the demand is continually increasing. Many of the varieties are hardy out of doors as far north as Long Island. They are extremely floriferous, and in season the blossoms completely cover the plants. The colors are of almost every hue and shade except yellow, as you will find below.

	Each	10	100	1000
AMOENA.* Flowers rosy purple, in dense masses. Hardy and early flowering. The foliage assumes a pleasing bronze tint in the fall and winter months.				
*1 yr. in field beds XX trans. .		\$1.50	\$11.00	\$100.00
*2 yr. in field beds XX trans. .		2.00	15.00	140.00
6 to 8 in. B&B	\$0.50	4.50	35.00	
8 to 10 in. B&B70	5.50	50.00	
10 to 12 in. B&B85	7.50	65.00	
12 to 15 in. B&B	1.20	10.00	90.00	
15 to 18 in. B&B	1.50	12.50	110.00	
18 to 24 in. B&B	1.65	15.00	135.00	

AMOENA COCCINEA.* One of the newer hardy Azaleas, equally as hardy as Amoena while in coloring it is a brilliant firey red. Somewhat darker than Hinodegiri but much brighter than Amoena. Foliage resembles Amoena.

*2 in. pot plants	\$1.00	\$6.50	\$60.00
*1 yr. in field beds XX trans. .	1.50	11.00	100.00
*2 yr. in field beds XX trans. .	2.00	15.00	140.00
6 to 8 in. B&B	\$0.50	4.50	35.00
8 to 10 in. B&B70	5.50	50.00
10 to 12 in. B&B85	7.50	65.00

AMOENA SUPERBA. Darker than Amoena, with a slightly larger flower. As hardy as Amoena but more upright growth.

*2 yr. in field beds XX trans. .	\$2.00	\$15.00	\$140.00
----------------------------------	--------	---------	----------

	Each	10	100	1000
APPLE BLOSSOM. White shaded pink, with light center. Leaves are glossy green.				
*2 yr. in field beds XX trans. .		\$2.00	\$15.00	\$140.00
BOUQUET ROSE.* Flowers of medium size, of a rose-pink shade, darker towards center. Bronze-green foliage.				
*2 yr. in field beds XX trans. .		\$2.00	\$15.00	\$140.00
6 to 8 in. B&B	\$0.50	4.50	35.00	
15 to 18 in. B&B	1.50	12.50	110.00	
BRIDESMAID. Glowing salmon-pink flowers produced in large clusters. Small glossy green foliage.

12 to 15 in. B&B	1.20	10.00	90.00	
FLAME CREEPER. An intense flame color, small leaves, very low growing. Nice for edgings or low ground covers.				
*2 in. pot plants		\$2.00	\$15.00	
GUMPO. We tried for several years to get some of these plants, and finally succeeded in getting a few just before the war with Japan started. This is one of the most interesting white azaleas we have ever seen. Grows very compact, about 8 inches tall, spreading habit, pure white flowers usually 4 to 5 inches across, with frilled edges. Supply small.				
*2 in. pot plants		\$2.00	\$15.00	
HEXE* (Firefly). Flowers of large size, crimson-red color. A compact grower. Excellent for forcing.				
*1 yr. in field beds XX trans. .		\$1.50	\$11.00	\$100.00
*2 yr. in field beds XX trans. .		2.00	15.00	140.00

Something New and Good

Gable's Hardy Azaleas

These hybrids have been made in the effort to originate a hardier strain of the Japanese type of Azalea in better form and color than have heretofore been available in hardy varieties.

As to hardiness these varieties will average hardier than Azalea Hinodegiri or Amoena and much hardier than the Kurumes. All have lived and flowered in the open field where they have withstood temperatures of twenty below zero and more in the last few winters with only negligible injury to a few. Most of them were uninjured.

We have eight named varieties, grown in pots 2 years that we will furnish in lots of 5 of a kind at 50c each. We have 9 other varieties, as yet unnamed, still carried under numbers, that we will furnish at the following prices. If you are interested in these you can get a collection and after you see how they do with you, you can order by number if you want to put in a stock of them. In another year or two we hope to have a stock of the named ones to offer.

Prices of unnamed Gable Azaleas:	10	100
2 yr. plants XX trans.	\$4.50	\$40.00
3 yr. plants XX trans.	6.00	50.00

Not less than five of a kind at these prices.

Aluminum Sulphate

Azaleas, Rhododendrons, Blueberries, Cornus Florida, Heather, Kalmia and many other plants require an acid soil. Acid-forming organic matter, such as well rotted oak leaves helps to increase acidity. Aluminum Sulfate is a good chemical for increasing soil acidity by using $\frac{1}{4}$ to $\frac{1}{2}$ pound per square yard. Also used for turning hydrangeas blue.

10 lbs., \$1.25; 50 lbs., \$4.00; 100 lbs., \$6.00.

KAEMPFER HYBRID AZALEAS

In these new Kaempferi Hybrids—the result of crossing Kaempferi and Malvatica—there has been obtained the hardiest type of evergreen Azalea, with a good range of form and color in the flowers so far achieved. Several years' tests have demonstrated that these new Hybrids are just as hardy as Kaempferi, until now the hardiest of the evergreen sorts.

	Each	10	100	1000
ATALANTA. Large purple flowers. Plants strong, tall growers.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
BETTY. Brilliant rosy-pink with a trace of orange.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00

9 to 12 in. B&B	\$0.60	\$5.00	\$45.00	
12 to 15 in. B&B75	6.50	60.00	

ARNOLDIANA AZALEAS

In 1914, the late Jackson Dawson, then superintendent of the Arnold Arboretum, at Boston, Mass., created a splendid new type of hardy Azalea by crossing Azalea Kaempferi and Azalea Amoena. Of the seedlings thus produced a considerable number of them were grown at Boston from their infancy until flowering age, when the following ones of unusual beauty and vigor of growth were selected.

	Each	10	100	1000
BRIARCLIFF. A deep rich, reddish-pink, identical in color with the well known rose of this name.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
CARDINALIS. A dark cardinal red. This variety has the characteristic of making new leaf growth with the flower.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
12 to 15 in. B&B	\$1.20	10.00	90.00	
EARLY DAWN. A beautiful soft radiant pink, fading silvery.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
MELLO-GLO. A charming cerise-pink, with golden suffusion and distinct base of corolla.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
18 to 24 in. B&B	1.65	15.00	135.00	
MOSSIEANA. A rich orchid-lavender, and the strongest grower of the group.				
* 2 yr. in field beds XX trans.	\$2.00	\$15.00	\$140.00	
15 to 18 in. B&B	1.50	12.50	110.00	
MIXED HYBRIDS. A mixture of the above in a wide range of shades.				
12 to 15 in. B&B	\$0.60	\$5.00	\$45.00	
15 to 18 in. B&B75	6.50	60.00	
18 to 24 in. B&B	1.00	9.00	80.00	

MISCELLANEOUS AZALEAS

In the following list of Azaleas you will find many species; they are not classified or separated as to their different species. We are trying to give such descriptions that you may know, or have a general idea what each variety is like.

Each 10 100 1000

ALTA CLARENCE. A very fine large flower of intense brilliant yellow.

*2 yr trans. from flats \$1.00 \$7.50 \$70.00

CALENDULACEA. The flaming colors of the flowers is unequalled by any other spring flowering plant. The colors run from light salmon to deep golden orange and scarlet and usually appear before the foliage is fully developed, the latter part of May or early June.

*2 yr trans. from flats \$1.00 \$7.50 \$70.00

DILATATUM. A very beautiful Azalea. Bright deep rose flowers early in spring before the leaves appear, cover the entire plant.

10 to 12 in. B&B \$0.95 \$8.50

JAPONICA. A vigorous shrub, growing up to six feet and hardy in New England. The flowers are orange-red or flaming-red. Makes a wonderful display.

*2 yr trans. from flats \$1.00 \$7.50 \$70.00

KIRISHIMA (Damask Rose). This is a rare and attractive plant for spring bloom. During May it bears large white flowers with pale scarlet center.

*2 yr. in field beds XX trans. . \$2.00 \$15.00 \$140.00

8 to 10 in. B&B \$0.70 5.50 50.00

10 to 12 in. B&B85 7.50 65.00

12 to 15 in. B&B 1.20 10.00 90.00

15 to 18 in. B&B 1.50 12.50 110.00

LEDIFOLIA ALBA (Indica Alba). Very large white flowers. Good grower and profuse bloomer.

AZALEAS AND CAMELIAS By H. H. Hume

Interest in Azaleas and Rhododendrons is greatly increasing. Until now, little information on varieties, care and culture of these plants has been available. Mr. Hume accurately and thoroughly describes the varieties best suited for various uses and discusses questions on culture, such as soils, fertilization, planting, propagating, and general care, indoors and out. He has taken special care to describe accurately the several groups of Azaleas and Camellias, and his suggestions on the use and culture are very practical. If you are growing Azaleas and Rhododendrons you will find this book much help. While the book is entitled "Azaleas and Camellias" it applies equally to Rhododendron culture. Price \$1.75, postpaid.

NEW U. S. D. A. AZALEAS

A group of evergreen Azaleas released by the U.S. Department of Agriculture. Most of these were collected by the Department at the Agricultural College, Imperial University, Komaba in Tokyo Japan. These are a few of the many selected as being worthy of growing on.

In ordering these Azaleas please use the number following the name, this will insure getting the variety wanted.

.....

This nursery was started just 37 years ago by the present owner. We have made many mistakes but we believe our customers will agree that we have always tried to give a dollar in value for every dollar received. This will be our aim as long as The Tingle Nursery Co. stay in business. If you have any reason for complaint, tell us.

NURSERY SHIPPING TAGS

Made from good quality, tough, waterproof stock. Size $3\frac{1}{8} \times 6\frac{1}{4}$ inches. The standard size tag most used by nurseries. There is room for your Inspection Certificate on the address side. Printed to your order on one side at following prices:

500	1,000	2,000	5,000	10,000
\$3.50	\$5.50	\$10.50	\$24.50	\$45.00

TOUGH PAPER LABELS

We can furnish a tough paper label slotted in one end, one half inch wide and $7\frac{1}{4}$ inches long at \$1.00 per thousand, \$7.50 for 10,000, \$31.50 for 50,000. Printed to order on one side, 1,000 for \$2.00, 10,000 for \$12.50, 50,000 for \$46.75.

PAINTED WOOD TREE LABELS WIRED

We have about 50,000 painted, wired Wood Tree Labels $3\frac{1}{2}$ inches long which we will furnish as long as they last at \$2.85 per thousand. On account government restrictions on wire we may not be able to furnish any more at any price.

Aunt Mary's Sweet Corn

THE SWEET CORN SUPREME

This is the most wonderful sweet corn we have ever grown. One grower describes it as "the best sweet corn in the world."

Is of the most delicious flavor and keeps a long time before becoming too hard to use. In fact, usually requires artificial heat to cure it for seed purposes.

Aunt Mary's corn, by its excellent quality, sweetness, and flavor makes a stronger appeal to the corn-loving public than most any other variety and that appeal continues long after you are tired of other sweet corns.

Price liberal size packets, 35c each, 3 for \$1.00, postpaid.

If after growing this wonderful sweet corn you are not entirely satisfied we will refund every cent you paid us for it.

BOXWOOD

	Each	10	100	1000
BUXUS ARBORESCENS. A tree form of Sempervirens. Open, loose habit of growth and a much faster growing variety.				
* 3 to 4 in. trans.		\$1.00	\$7.50	
BUXUS HANDSWORTHII. Upright in growth, having large dark-green leaves. Used for formal effects, and may be trimmed readily. Unusual.				
* 3 to 4 in. trans.		\$1.00	\$7.50	
BUXUS JAPONICA. A hardy, tall growing type with light green leaves which turn a yellowish brown in winter.				
* 4 to 6 in. trans.		\$1.00	7.50	70.00
* 6 to 8 in. trans.		1.25	10.00	
* 8 to 10 in. trans.		1.75	15.00

36 to 42 in. B&B	2.00	18.50	175.00	
BUXUS KOREANA. A hardy type of Box growing about 2 feet tall, light green foliage turning yellowish-brown in winter.				
* 3 to 4 in. trans.			\$6.50	\$60.00
* 4 to 6 in. trans.		\$1.00	7.50	70.00
* 6 to 8 in. trans.		1.25	10.00	90.00
BUXUS MICROPHYLLA VAR. COMPACTA. New, rare, extremely dwarf and hardy Boxwood. Has stood all weather conditions in the Pocono Mountains where temperature drops below zero. Very dwarf and slow growing. Ideal for edging, rockeries, Knott gardens, and all other uses where plants are required to remain dwarf. Original plant after twenty-eight years is now about 12 inches high and 21 inches wide. A rare gem. Stock very limited.				
2 in. pot plants heavy		\$3.00	\$25.00	
BUXUS SEMPERVIRENS. An old-time favorite in gardens and much used for hedges as well as for specimen plants. This is called the Bush Box and is a faster growing type than Suffruticosa Box. If you want the real dwarf growing kind you should get Suffruticosa.				
* 2 yr. rooted cuttings heavy			\$3.00	\$27.50
* 3 to 4 in. trans.			5.00	40.00
* 4 to 6 in. trans.		\$1.00	6.00	50.00
* 6 to 8 in. trans.		1.15	8.50	75.00
* 8 to 10 in. trans.		1.25	10.00	90.00
* 10 to 12 in. trans.		1.75	15.00	135.00
* 12 to 15 in. trans.		2.00	17.50	
10 to 12 in. B&B	\$0.50	4.00	35.00	
12 to 15 in. B&B65	5.50	50.00	
15 to 18 in. B&B	1.00	8.50	75.00	
Large plants up to 4 ft. by 4 ft. priced on request.				
BUXUS SEMPERVIRENS AUREA. Similar to above but with golden variegated leaves.				
* 3 to 4 in. trans.		\$1.50	\$12.50	
8 to 10 in. B&B	\$1.25	10.00		
BUXUS SEMPERVIRENS FASTIGIATA. Foliage similar to Sempervirens, growing in a pyramidal or columnar form. Rare.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
BUXUS SUFFRUTICOSA (Old English Dwarf Box). As a low edging in formal gardens there is no greater favorite than this variety of Box. This is the variety that is so much seen in Washington's garden at Mt. Vernon and in other noted gardens in Delaware, Maryland, Virginia, North Carolina and other Middle Atlantic States.				
* 2 yr. rooted cuttings, heavy			\$3.00	\$27.50
* 3 to 4 in. trans.			6.00	50.00
* 4 to 6 in. trans.		\$1.00	7.50	60.00
* 6 to 8 in. trans.		1.75	15.00	
BUXUS SUFFRUTICOSA GLAUCA. A selected type of Suffruticosa with foliage that turns blue as the plant grows older.				
* 2 to 3 in. plants trans. ..		\$1.50	\$12.50	

Boxwood Rooted Cuttings

We have a few thousand Two-year nice rooted cuttings of both Buxus Sempervirens and Buxus Suffruticosa that we will furnish at \$3.50 per 100. \$30.00 per 1000. They will run 4 to 6 inches in height. A good buy.

As Good As Can Be Grown

We are exerting every effort to produce the very best stock that can be grown, and in our 37 years' experience we believe we have never offered bigger values than we are offering this season. We feel sure you will be more than pleased with the stock we send you if you give us your order.

We try to secure our propagating wood from only the very best type of plants, and by doing this we can furnish you stock that should be of the best that it is possible for you to get anywhere, regardless of price.

Boost Your Profits With **Daphne Cneorum**

OUR SURE TO BLOOM STRAIN

When in bloom its fragrance sells it. Its small size and low price permits the customer to take it along. An ideal cash and carry item. Our improved strain blooms in May and again in August until frost.

Plants are solid, compact and symmetrical (see picture above). The profusion of soft pink flowers attract favorable attention and the strong sweet fragrance clinches the sale.

Requires a cool house, a little room and only eight weeks to force into full bloom. Can be shipped safely throughout the winter months by freight, direct from growers, without damage.

HOLLY (*Ilex*)

We consider the Holly one of the very best ornamental trees or shrubs. Nothing is prettier than one of our American Hollies with great clusters of bright red berries and dark green leaves shining above the snow in winter. The nurseryman who will grow a collection of Hollies to a specimen size will have something he can sell, whether times are good or whether they are bad. There is always a demand for them, and there will be as long as any other plants will sell. We know you who took our advice five years ago to plant Holly will confirm this.

	Each	10	100	1000
ILEX AQUIFOLIUM (English Holly). This is not as hardy as the American Holly (<i>Ilex Opaca</i>) but can safely be planted from New Jersey southward. The foliage is a bright glistening green and the berries are larger than the American Holly. A very beautiful Holly. Good for cutting also.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
ILEX CASSINE ANGUSTIFOLIA (Dahoon Holly). A beautiful shrub or small tree. Narrow, shallow-toothed, glossy green leaves, and bright red berries. Hardy Virginia southward.				
3 in. pot plants		\$1.75	\$15.00	\$125.00
5 to 6 ft.	\$1.00	\$9.00		
6 to 7 ft.	1.25	11.00		
ILEX CORNUTA (Chinese Holly). A dense, slow growing, Chinese species, rarely 8 feet high. Leaves sparsely spiny and of peculiarly rectangular form. The large red berries are very showy.				
3 in. pot plants		\$2.25	\$20.00	\$175.00
ILEX CORNUTA BUFORDI . Another form of <i>Cornuta</i> , but spikes on the leaves are not so prominent and it is more hardy than the type. This is a berry-bearing type.				
3 in. pot plants		\$2.25	\$20.00	\$175.00
12 to 15 in. B&B	\$0.60	5.00	45.00	
ILEX CORNUTA FEMINA (Chinese Holly). A berry-bearing form of <i>Cornuta</i> . Compact growing. Leaves dark glossy green, oblong, with 3 strong spikes at the dilated apex, and 1 or 2 on each side; scarlet berries. One of the showiest Hollies.				
3 in. pot plants		\$2.25	\$20.00	\$175.00
12 to 15 in. B&B	\$0.60	5.00	45.00	

	Each	10	100	1000
ILEX CRENATA (Japanese Holly). A much branched evergreen shrub rarely to 20 feet tall; leaves crowded $\frac{1}{2}$ to $1\frac{1}{4}$ inches long, lustrous green. Flowers in May and June; black fruits, ripens in October and remain during winter.

Paper Labels for Typewriter Use

We can furnish a tough paper label, slotted in one end, one half inch wide, $7\frac{1}{4}$ inches long, twelve labels to a sheet, cut so they will easily tear apart. Convenient, easy to use and low in price. Price, 1,000 for \$1.00; 10,000 for \$7.50; 50,000 for

	Each	10	100	1000
--	------	----	-----	------

ILEX OPACA CROONENBURG. The Wonderful New Holly.
In a mature plant the leaves are 2½ to 3¼ inches long and 2 to 2½ inches wide, having about 7 to 9 spines of a very dark green, not having the usual yellowish tint found in most familiar American Hollies. It bears berries from cuttings almost continuously, as three year old plants usually are well loaded with berries. This is a very special variety.

3 in. pot plants	\$1.00	\$8.50	\$75.00	
5 in. Cloverset pots 18-24 in.	2.50	22.50	200.00

CYPRESS LATH SHADE

We have had so many inquiries as to where Lath Shades for covering small lining-out stock, seedlings, etc., could be secured and the price of same we have decided to offer it to the trade. This is made with **Cypress** laths 4 feet long,, 1 1/2 inches wide and spaced about the width of a lath apart, woven together with three double strands of galvanized wire, thus giving half shade. Made in forty feet lengths at **11 cents per running foot**. We only have a small supply and cannot get materials to make more until after the war is over.

Stellata Waterlily (Waterlily Magnolia)

This new Magnolia was named "Waterlily" on account of its resemblance to a waterlily and its sweet fragrance. Supposed to be a cross between Soulangeana and Stellata. Bushy and twiggy somewhat like Stellata. Bears a great profusion of flowers about the same time to a little later than Stellata. Flowers are well placed on ends of branchlets measuring from 4½ to 6 inches across, consisting of three to five layers of petals averaging from twenty to thirty two to a flower. Buds are flesh-pink; flowers are blush-pink, fading to white. This is a very attractive Magnolia.

RHODODENDRONS

Most everybody agrees that Rhododendrons are among the most showy of all the flowering plants, and most everybody would also like to grow some but the price has always been a great drawback to quantity planting. We believe you will find our prices low enough so that you can resell them at a fair price and still make a good profit. This collection is among the very best of the hardy hybrid varieties; all good growing and good flowering kinds. Push them a little and note how your sales increase.

	Each	10	100	1000
ALBUM ELEGANS. A rapid growing tall variety, recommended for backgrounds. Buds and flowers are flesh fading to white.				
12 to 15 in. B&B	\$1.25	\$11.00		
CATAWBIENSE ALBUM. A pure white of good compact habit. Produces an abundance of buds.				
15 to 18 in. B&B	\$1.50	\$13.50		
CATAWBIENSE GRANDIFLORUM. A rosy-lilac hybrid recommended for mass planting as it buds heavily; is hardy and is particularly resistant to disease.				
15 to 18 in. B&B	\$1.50	\$13.50		
DR. DRESSELHUYS. Glittering crimson flowers and trusses of unusual size. Compact grower and one of the best reds.				
12 to 15 in. B&B	\$1.25	\$11.00		
ENGLISH ROSEUM ELEGANS. The finest clear pink color and compact habit of Roseum Elegans.				
15 to 18 in. B&B	\$1.50	\$13.50		
18 to 24 in. B&B	2.00	18.50		
EVERESTIANUM. Large trusses of frilled flowers delicately shaded with lilac-pink and lightly spotted greenish-black. Good foliage; compact grower.				
12 to 15 in. B&B	\$1.25	\$11.00		
15 to 18 in. B&B	1.50	13.50		
IGNATIUS SARGENT. A rapid, vigorous growing light red.				
12 to 15 in. B&B	\$1.25	\$11.00		
15 to 18 in. B&B	1.50	13.50		
MRS. C. S. SARGENT. A good light red or deep pink variety of compact bushy habit. Splendid outdoor hybrid for mass plantings as it is among the hardiest.				
10 to 12 in. B&B	\$1.00	\$9.00		
12 to 15 in. B&B	1.25	11.00		
PARSONS' GRANDIFLORUM. A good hardy solferino red with compact clustered flowers.				
12 to 15 in. B&B	\$1.25	\$11.00		
PRESIDENT LINCOLN. An easily forced tall growing lavender variety. Among the hardiest.				
15 to 18 in. B&B	\$1.50	\$13.50		
24 to 30 in. B&B	2.50	22.50		
PURPUREUM ELEGANS. Bushy well shaped plants producing an abundance of purple flowers. Hardy and a heavy budder.				
15 to 18 in. B&B	\$1.50	\$13.50		
ROSEUM ELEGANS. In habit, this is probably the best of all hybrids as most every plant is a natural heavily budded compact globe when fully grown. Its lavender-pink flowers are easily forced, and it is one of the hardiest varieties.				
15 to 18 in. B&B	\$1.50	\$13.50		
18 to 24 in. B&B	2.00	18.50		

In addition to the above grafted grown plants of Roseum Elegans we have a few thousand transplanted seedlings which we understand come fairly true to type and color. These are nice plants and will furnish in lots of twenty five or more at 15c each. This is a good buy for own-root plants.

RHODODENDRON SPECIES

CAROLINIANUM. Grows 4 to 6 feet tall and as much in diameter; dark green leaves and blooms profusely. The clustered flowers are pale to deep pink.				
* 2 yr. S.trans.	\$1.25	\$10.00	\$90.00	
CATAWBIENSE. The flowers are borne profusely in very large round trusses come in various shades of lilac-purple in June.

Taxus (Yew)

It is only in the past few years that nurserymen in the United States have begun to really appreciate and grow the Yew. In England there are Yews more than a hundred years old, but unfortunately the English Yew (*Taxus Baccata*) is not reliably hardy in the north and many do not realize that the Japanese and many forms of *Media* are perfectly hardy in and around Boston, and the Japanese even in northern New England.

They are not so particular as to character of soil excepting it should not be too wet, but they do appreciate plenty of good plant food. They are immune to many insect pests and plant diseases so destructive to many other evergreens.

The Yew in its many species and forms can well be used in most all places where any other evergreen will do well.

We honestly believe you will do well to plant and grow on some of these Yews.

	Each	10	100	1000
TAXUS BACCATA (English Yew). Widely planted in English churchyards. A good ornament. Hardy as for north as New York City. Upright, dark green foliage. Very good for the South and where it is hardy.				
* 4 to 6 in. trans.		\$1.00	\$7.50	\$70.00
* 6 to 8 in. trans.		1.25	10.00	
* 8 to 10 in. trans.		1.50	12.50

18 to 24 in. B&B	1.50	13.50		
TAXUS BACCATA CHESHUNTENSIS. We only have small plants of this, and offer to you who know it or want it.				
* 4 to 6 in. trans.		\$1.25	\$10.00	

Quantities: 1 to 5 at the each rate, 5 or more at the 10 rate, 25 or more at the 100 rate, 250 or more at the 1000 rate.

	Each	10	100	1000
TAXUS BACCATA DOVASTONI. Branches are wide spreading, nodding at the tips; leaves dull green when mature but light green when young.				
* 6 to 8 in. trans.		\$1.50	\$12.50	

TAXUS BACCATA DOVASTONI AUREA. A golden variegated form of Dovastoni.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
9 to 12 in. B&B	\$1.00	9.00		

TAXUS BACCATA ELEGANTISSIMA. A vigorous form of dense and compact habit, occasionally more open, with the young leaves striped yellow, the older ones with whitish margin.				
* 6 to 8 in. trans.		\$1.25	\$10.00	
* 8 to 10 in. trans.		1.50	12.50	
* 10 to 12 in. trans.		1.75	15.00	
12 to 15 in. B&B	\$0.75	6.50		
15 to 18 in. B&B	1.00	8.50		

TAXUS BACCATA HIBERNICA (Irish Yew). A strictly fastigate form, with stout crowded upright branches and branchlets; leaves radially arranged around the branches, dark glossy green, more obtuse than in the type. One of the most desirable evergreens of columnar habit for formal gardens. Do not recommend planting north of Philadelphia, although it is hardy in some places of Long Island and Connecticut.				
* 2 1/4 in. pot plants		\$1.50	\$12.50	\$115.00
* 4 to 6 in. trans.		1.25	10.00	90.00
* 6 to 8 in. trans.		1.50	12.50	115.00
* 8 to 10 in. trans.		1.75	15.00	140.00

24 to 30 in. B&B	3.00	28.50		
30 to 36 in. B&B	3.50	33.00		

TAXUS BACCATA OVERIENDER. This is a very beautiful form of the English Yew. Fine, short leaves, dark green in color. Very close, compact habit of growth. Scarce.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
TAXUS BACCATA REPANDENS (Spreading English Yew). A low form with long wide spreading branches and dull bluish-green narrower and longer leaves, partly falcately curved upward. Hardy in New England and one of the best spreading types.				
* 4 to 6 in. trans.		\$1.00	\$7.50	\$70.00
* 6 to 8 in. trans.		1.25	10.00	90.00
* 8 to 10 in. trans.		1.50	12.50	115.00
* 10 to 12 in. trans.		1.75	15.00	140.00
12 to 15 in. B&B	\$1.35	12.50		
18 to 21 in. B&B	2.25	20.00		

TAXUS BACCATA WASHINGTONI (Washington Yew). A form of wide spreading habit with leaves golden-yellow, particularly on the under side.				
* 4 to 6 in. trans.		\$1.00	\$7.50	
* 6 to 8 in. trans.		1.25	10.00	
* 8 to 10 in. trans.		1.50	12.50	
* 10 to 12 in. trans.		1.75	15.00	
12 to 15 in. B&B	\$1.00	9.00		
15 to 18 in. B&B	1.25	11.50		
18 to 24 in. B&B	1.50	13.50		

TAXUS CANADENSIS STRICTA (Dwarf Hedge Yew). The most satisfactory evergreen for dwarf edging hedges in severe New England Climate. Do not recommend for warm winter sections. Dwarf, fine texture, dark green, easily grown, shears well. Also excellent for use in general plantings of dwarf evergreens. To be sure of getting suggest you order early.				
* 3 to 4 in. trans.		\$1.25	\$10.00	\$90.00
* 6 to 8 in. trans.		1.75	15.00	
9 to 12 in. B&B	\$1.00	9.00	85.00	
12 to 15 in. B&B	1.50	13.50		

TAXUS CUSPIDATA (Japanese Yew). For any and every purpose in which evergreens are required the Japanese Yew can be recommended. Perfectly hardy in New England and Ontario, immune from most diseases and pests. Accomodating to an extraordinary degree, withstanding shade or full sunshine, dark green at all season of the year. Small wonder this plant has been acclaimed "Japan's greatest gift to the gardens of America." Under this heading we are offering the spreading or wide growing type which grows as broad or broader than tall.				
* 4 to 6 in. trans.		\$1.00	\$7.50	\$70.00

Perfectly hardy in New England and Ontario, immune from most diseases and pests. Accomodating to an extraordinary degree, withstanding shade or full sunshine, dark green at all season of the year. Small wonder this plant has been acclaimed "Japan's greatest gift to the gardens of America." Under this heading we are offering the spreading or wide growing type which grows as broad or broader than tall.

15 to 18 in. B&B	1.65	15.00	
18 to 24 in. B&B	2.00	17.50	

TAXUS CUSPIDATA NANA GRANDIFLORA. Practically identical with *Taxus Cuspidata Nana* but grows much larger and two or three times faster. Particularly desirable.

* 4 to 6 in. trans.	\$1.50	\$12.50
* 6 to 8 in. trans.	1.75	15.00

TAXUS CUSPIDATA NANA PYRAMIDALIS HILLI. An erect growing type of the Dwarf Yew, medium fast grower and useful in many plantings.

* 3 to 4 in. trans.	\$1.10	\$8.50	
* 6 to 8 in. trans.	1.50	12.50	
8 to 10 in. B&B	\$0.75	6.50	60.00

TAXUS MEDIA (Intermedia). This Yew is a hybrid of *Baccata* and *Cuspidata*, having a more vigorous habit than *Baccata* and is more irregular in outline and has darker green foliage than *Cuspidata*. Could be described as a quick growing *Cuspidata Nana* with a similar spreading, irregular habit.

* 4 to 6 in. trans.	\$1.25	\$10.00
--------------------------	--------	---------

TAXUS MEDIA ANDERSONI. A wide vase-shaped form of *Media*. Excellent for specimen plants and hedges. This ranks right up among the top with us.

* 4 to 6 in. trans.	\$1.00	\$7.50	\$70.00
* 6 to 8 in. trans.	1.25	10.00	90.00

15 to 18 in. B&B	1.50	13.50		
3 to 4 ft. B&B	6.00	55.00		
TAXUS MEDIA CEDAR HILL. A very beautiful upright growing variety. Originated at the Havemeyer estate "Cedar Hill."				
* 6 to 8 in. trans.		\$1.75	\$15.00	
* 8 to 10 in. trans.		2.25	20.00	
TAXUS MEDIA ERECTA. A selected upright growing form of Media. Good heavy foliage with bright color.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
* 6 to 8 in. trans.		1.50	12.50	
* 8 to 10 in. trans.		1.75	15.00	
TAXUS MEDIA HATFIELD. Another Media Hybrid. A compact bush of conical shape with upright branches and radially spreading leaves. This form may take the place of the Irish Yew where the latter is not hardy, although it grows much wider at the base than does the Irish Yew.				
* 4 to 6 in. trans.		\$1.25	\$10.00	\$90.00
* 8 to 10 in. trans.		1.75	15.00	
12 to 15 in. B&B	\$1.25	11.50	100.00	
15 to 18 in. B&B	1.50	13.50	125.00	
18 to 24 in. B&B	2.00	18.50		
24 to 30 in. B&B	2.50	23.50		
TAXUS MEDIA HATFIELD No. 2. Real dark foliage, upright grower, very dense, needles medium length. Very good.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
* 6 to 8 in. trans.		1.50	12.50	
TAXUS MEDIA HICKSI (Hick's Yew). A distinctly columnar form with upright branches and radially spread leaves. Another good substitute for the Irish Yew where that variety is not hardy. The demand is strong for this variety—seeing is wanting. Hardy at Boston.				
* 4 to 6 in. trans.		\$1.00	\$7.50	\$70.00
* 6 to 8 in. trans.		1.25	10.00	90.00
* 8 to 10 in. trans.		1.50	12.50	115.00
* 10 to 12 in. trans.		1.75	15.00	140.00

15 to 18 in. B&B	\$1.00	8.50	75.00	
18 to 24 in. B&B	1.25	11.50	100.00	
2 to 3 ft. B&B	2.00	17.50	165.00	1600.00
3 to 4 ft. B&B	3.00	27.50	265.00	2600.00
4 to 5 ft. B&B	4.00	37.50	365.00	
5 to 6 ft. B&B	5.00	47.50	465.00	
TAXUS MEDIA HUNNEWELLIANA. A natural cross between the Japanese and American Yews. An intermediate between the parents in habit of growth, in color of foliage and in general appearance. It is perfectly hardy and of elegant form but in the winter the clear green of its foliage is masked by a yellowish-bronze pigment.				
* 4 to 6 in. trans.		\$1.25	\$10.00	\$90.00
15 to 18 in. B&B	\$1.50	13.50		
TAXUS MEDIA KALLAY. A newer selection from Ohio. Good grower and of very dark color.				
* 4 to 6 in. trans.		\$1.00	\$7.50	
* 6 to 8 in. trans.		1.50	12.50	
* 10 to 12 in. trans.		2.00	17.50	
15 to 18 in. B&B	\$1.50	13.50		
TAXUS MEDIA KELSEYI. The first of the new Yews to be propagated from the point of view of its showy red fruit. Fairly slow grower. Dark green, dense needles of the brevifolia type. Upright bush. Begins bearing berries even on small plants. Larger sizes literally infested with the bright red fruits. A real worth-while new plant.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
TAXUS MEDIA NEWPORT. This is the narrowest growing Yew we have ever seen. Foliage a good green and good grower. This plant is adaptable to places where most other plants would be too wide. Stock very limited.				
* 4 to 6 in. trans.		\$1.75	\$15.00	
24 to 30 in. B&B	\$2.50	22.50		
36 to 42 in. B&B	4.00	37.50		
TAXUS MEDIA OVATA. Broad, upright in habit, large dark leaf and is unusually attractive throughout the year, especially in fall. Very heavy producer of red fruit.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
* 6 to 8 in. trans.		1.75	15.00	
* 8 to 10 in. trans.		2.25	20.00	

All Lining-Out sizes are marked by an *. Sizes not so marked are classed as Specimen Stock.

TAXUS MEDIA TAUNTON. A low growing, heavy, dark green foliage Yew. This is an unusual type in that its branches start out horizontally and then make an upright growth. We found this growing in a nursery in Massachusetts and consider it distinct from all other Yews we are growing.

	Each	10	100	1000
* 4 to 6 in. trans.		\$2.50	\$20.00	

TAXUS MEDIA THAYERI. A variety of low growing type. Has good color foliage and is a good healthy grower.

* 4 to 6 in. trans.	\$1.25	\$10.00
* 8 to 10 in. trans.	1.75	15.00
*12 to 15 in. trans.	2.25	20.00

TAXUS MEDIA VERMEULEN. Very compact and dense upright grower. Broad base and narrow top. Beautiful pyramid, heavily interspersed with red berries.

* 4 to 6 in. trans.	\$1.00	\$7.50	\$70.00
* 6 to 8 in. trans.	1.25	10.00	90.00
* 8 to 10 in. trans.	1.50	12.50	115.00
*10 to 12 in. trans.	1.75	15.00	140.00
*12 to 15 in. trans.	2.00	17.50	
24 to 30 in. B&B	2.25	\$20.00	

TAXUS MEDIA WARDI. A selection of the Intermedia types growing into a low spreading very compact plant. Similar to the regular Media variety but foliage a little finer.

* 4 to 6 in. trans.	\$1.25	\$10.00
* 6 to 8 in. trans.	1.50	12.50
* 8 to 10 in. trans.	1.75	15.00
*10 to 12 in. trans.	2.00	17.50

TAXUS MEDIA WELLESLEYANA. Another form of Media making a dense, broad column; foliage a fine dark lustrous color. This is a very good one.

* 4 to 6 in. trans.	\$1.25	\$10.00
* 6 to 8 in. trans.	1.50	12.50
* 8 to 10 in. trans.	2.00	17.50
15 to 18 in. B&B	\$1.50	13.50
18 to 24 in. B&B	2.00	18.50

MORE HATFIELD YEWES

The following varieties were grown from stock purchased from the late T. D. Hatfield. He selected these as being the best of his unnamed varieties and we are still carrying them under his original numbers. We are giving a brief description.

HATFIELD No. 6. Somewhat like No. 8 in growth but twigs are not as heavy; leaves narrow. Very graceful.

* 4 to 6 in. trans.	\$1.25	\$10.00	\$90.00
* 8 to 10 in. trans.	1.75	15.00	
*10 to 12 in. trans.	2.00	17.50	
12 to 15 in. B&B	\$1.25	11.50	
15 to 18 in. B&B	1.50	13.50	

HATFIELD No. 7. Bright glossy green, heavy foliage; long needles. Semi-erect full grower.

* 4 to 6 in. trans.	\$1.25	\$10.00	\$90.00
* 8 to 10 in. trans.	1.75	15.00	
*10 to 12 in. trans.	2.00	17.50	
12 to 15 in. B&B	\$1.25	11.50	100.00
15 to 18 in. B&B	1.50	13.50	125.00

HATFIELD No. 8. Slow growing; very compact. Foliage resembles *Cuspidata* Nana. Bright green in color.

* 4 to 6 in. trans.	\$1.25	\$10.00	\$90.00
* 8 to 10 in. trans.	1.75	15.00	
*10 to 12 in. trans.	2.00	17.50	
12 to 15 in. B&B	\$1.25	11.50	
15 to 18 in. B&B	1.50	13.50	125.00
18 to 24 in. B&B	2.00	18.50	

HATFIELD No. 18. Similar in growth to *Taxus Cuspidata*; a shade lighter color foliage, making it wonderfully attractive. Probably the most rapid grower of all the low types of *Taxus*. However, it can be kept compact with a little shearing. If you want a good, quick grower, yet one having the good qualities of *Taxus Cuspidata* we recommend this one.

* 4 to 6 in. trans.	\$1.25	\$10.00	\$90.00
* 8 to 10 in. trans.	1.75	15.00	
*12 to 15 in. trans.	2.25	20.00	

HATFIELD No. 23. Short, fine, slender foliage. Spreading type. Slow growing.

* 6 to 8 in. trans.	\$1.50	\$12.50
* 8 to 10 in. trans.	1.75	15.00
*12 to 15 in. trans.	2.25	20.00
12 to 15 in. B&B	\$1.25	11.50
15 to 18 in. B&B	1.50	13.50

	Each	10	100	1000
CEPHALOTAXUS DRUPACEA (Japanese Plum-Yew). Shrub or small bushy tree rarely to 30 feet tall with wide spreading branches, usually light green; leaves about one inch long abruptly pointed, narrow and straight, often upturned; purple fruit about one inch long. Hardy in sheltered places as far north as Massachusetts.				
* 4 to 6 in. trans.		\$1.25	\$10.00	
CEPHALOTAXUS PEDUNCULATA FASTIGIATA (Harrington Plum-Yew). This plant grows almost exactly like a fine type of the Irish Yew, forming a tall, narrow, compact, dark green column with thick, narrow leaves 2 inches long. Hardy as far north as New York. Very nice.				
* 4 to 6 in. trans.		\$1.25	\$10.00

YUCCA Filamentosa (Silk Grass or Spanish Bayonet)				
3 yr. plants		\$1.25	\$10.00	

NURSERY SHIPPING TAGS

Made from good quality, tough, waterproof stock. Size 3½x6¼ inches. The standard size tag most used by nurseries. There is room for your Inspection Certificate on the address side. Printed to your order on one side at following prices:

500	1,000	2,000	5,000	10,000
\$3.50	\$5.50	\$10.50	\$24.50	\$45.00

ROOT GRAFTS

We are again offering a list of Root Grafts of stock that is very much in demand at this time. Advise ordering before Christmas if possible as we may not be able to furnish if ordered late. We will make up and reserve for shipment at the time you want them, or can send as soon as we get them made. Prices quoted on stock not listed.

FLOWERING CRAB

\$7.50 per 100. For list of varieties see page 30.

FLOWERING CHERRY

\$10.00 per 100. Ask for list of varieties we can furnish.

RED OR PINK FLOWERING DOGWOOD

\$10.00 per 100. We have a very good strain.

LILACS

Prices on request. For list of varieties see pages 27, 28 and 29.

WISTERIA

\$10.00 per 100. For list of varieties see page 44.

HARDWOOD CUTTINGS

	Per 1000
Cydonia Japonica	\$3.00
Forsythia Viridissima	3.00
Lagerstroemia Indica (Crepe Myrtle) Pink and Red	5.00
Lonicera Morrowi	3.00
Philadelphus Coronarius	3.00
Philadelphus Grandiflora	3.00
Populus Nigra Italica (Lombardy Poplar)	3.00
Privet Amur River North	2.50
Privet California	2.00
Salix Babylonica (Weeping Willow)	2.50
Salix Discolor	2.50
Salix Vitellina	2.50
Symphoricarpus Vulgaris	2.50
Weigela Rosea	3.00

If you want other hardwood cuttings send list for prices.

Make More Profit

SELL YOUR ROSES, PERENNIALS, SHRUBS, VINES AND FRUIT TREES STARTED AND GROWING IN

Cloverset Flower Pots

THEY ARE CHEAP IN PRICE. They are so cheap that they can be given away with the plant which insures the safe arrival, in first class condition, of the plant grown in them, to its final destination.

THEY MAKE THE NURSERY BUSINESS AN ALL SUMMER BUSINESS. They permit the nurseryman to extend his selling season from early Spring through the Summer and Fall, and to plant Roses and other nursery stock grown in them even in the hottest Summer weather without the least sign of wilt of either the foliage or the blooms.

YOU CAN SELL YOUR PLANTS IN BLOOM. By growing your stock in these pots you may sell it in full foliage and in **Full Bloom**, when it will command the best price and most profit.

SIZES AND PRICES ON CLOVERSET POTS

	Height	Diam. Top	Soil Capacity	Corresponding Size Clay Pot	Per 100	Per 1000
0	5 in.	5 in.	3½ lbs.	6 in.	\$3.00	\$22.50
1	6 in.	6 in.	9 lbs.	7 in.	4.50	35.00
2	9 in.	7 in.	15 lbs.	8 in.	5.00	40.00
3	9 in.	8 in.	20 lbs.	9 in.	5.50	45.00

Cloverset pots take 3rd class freight rate. Packed 100 in carton.

EMBOSSSED ZINC LABELS

We will make, from your list of varieties, Embossed Zinc Labels, one-half inch wide at five cents each in any quantity desired. These labels will permanently identify your plants.

You Should Grow The Rare Franklinia

(FRANKLINIA ALATAMAHA—GORDONIA ALATAMAHA)

One Of Our Best Sellers

This exquisite fall flowering tree was brought in 1777 from the banks of the Alatamaha River in Georgia to Bartram's garden at Philadelphia. John Bartram recognizing its extraordinary beauty and value, named it in honor of his life-long friend, Benjamin Franklin.

The original grove of Franklin trees was again visited in 1790, but from that day to this no one has seen these trees growing in the wild though many expeditions have searched the banks of the Alatamaha for it.

Franklin's tree is beautiful in detail and marvelous in landscape effect besides blooming at a season when few shrubs or trees are in flower.

The slender trunk and graceful branches are so muscular and sinewy in appearance that one almost expects motion as under a greyhound's skin. The bark is smooth and dark gray, with wavering lengthwise markings of lighter color.

Each twig develops at its tip a cluster of buds of graduated size, like overgrown greenish pearls. Early in August the largest of these attain the size of marbles. Then the guard petal folds back, still retaining its firm spherical form. From its shelter emerge four other petals, satiny, snowy white, elaborately frilled and pleated. The snowy, frilly chalice, three inches in diameter, holds a sumptuous mass of orange gold stamens and breathes forth a delicate, balmy fragrance.

Each flower lasts two or three days and then drops cleanly. **There is a constant succession of bloom till hard frost.** We frequently get the unusual effect of a tree clad in crimson autumn foliage and abundantly starred with white flowers.

The Frankliniana begins blooming when not more than three or four feet high. Young trees under favorable conditions increase in height a foot or more each season. Specimens thirty feet high are known. It develops naturally with several trunks, but may easily be trained to a single trunk by removing the sprouts which start from the base.

Franklinia prefers full sun and has proven entirely hardy about New York and hardy in favorable locations about Boston. It is an especially desirable tree for the small intimate garden, loved and lived in. It is a charming lawn tree and the grass may be allowed to grow closely about its trunk. It also thrives when planted by pools, lakes and streams. Its light elegance of form and color contrasts exquisitely with the dark green of conifers.

	Each	10	100
12 to 18 in.	\$0.75	\$6.00	\$50.00
18 to 24 in.	1.00	9.00	85.00
2 to 3 ft.	1.25	11.50	100.00
3 to 4 ft.	1.50	13.50	125.00
4 to 5 ft.	2.00	18.50	175.00
5 to 6 ft.	3.00	28.50	275.00

We have a few hundred one-year seedlings of the Franklinia, running about 6 to 9 inches in height, at \$15.00 per hundred. All our others are grown from cuttings. If seedlings are wanted specify them when ordering.

Put a few of these Franklinias in your display garden so your customers may see them in bloom. You will be surprised at the extra sales you will make. The leading garden magazines have featured them in their columns.

Descriptive Catalog

We have a 72 page descriptive catalog which lists and describes most of the items offered in this Wholesale Price List and will gladly send you a copy. This may possibly be of some help to you as it illustrates in color many of the newer and best selling varieties—the kind you can make money in handling. A copy is yours for the asking.

Root Cuttings Better and Quicker WITH THE PLANT HORMONE POWDER

ROOTONE

PATENTS PENDING

**Just Dust and Plant—No Solutions
No Waiting—No Watching**

We recommend ROOTONE because we have found it of much help to us in rooting cuttings both in saving of time and in increased roots to the cutting. We use it on all the cuttings we put in. We know it pays us both in better roots and time saved in cutting beds.

ROOTONE Is Best For Cuttings Because—

LOW COST—Can treat 30 to 50 cuttings for one cent.

SIMPLICITY—No skill is needed to apply ROOTONE. No measurements, no vials, no elaborate charts to follow, or clock-watching are needed. Just dip in dry powder and plant.

SPEED OF ROOTING—The time of rooting of cuttings is cut by ROOTONE treatment to anywhere from one-half to one-tenth of the time required without treatment.

SURENESS OF ROOTING—Cuttings that root with difficulty, such as holly, magnolia, arborvitae, lilac and dogwood will respond in greatly increased percentages and in shorter time.

ROOTONE is a general stimulant for plants, supplying extra hormone at times when the plant is able to use more than Nature provides.

ROOTONE treatment hastens and improves the rooting of cuttings; increases germination from seeds and bulbs, resulting in earlier flowering.

2-oz. Jar \$1.00—1 lb. Can \$5.00, Postpaid.

A two ounce jar will treat up to 3000 cuttings; one pound will treat up to 40,000 cuttings.

No solution or soaking treatment is necessary. Just dip the base of the cutting in the dry powder and set in the propagating bed or cold frame.

TRANSPLANTONE

The Vitamin Hormone Stimulant For Plants

When seedlings, plants, shrubs or trees are transplanted, roots are usually damaged to some extent and growth is temporarily checked. The beneficial effect of Vitamin B-1 and other parts of the Vitamin B complex on roots has been established in research work by leading plant physiologists.

These chemicals and root-forming hormones are combined in TRANSPLANTONE to enable transplants to reestablish themselves more readily.

Thus a treatment of TRANSPLANTONE will stimulate old roots, hasten the formation of new ones and reduce the risk of interrupted growth or loss of plants.

3-oz. Can \$1.00—1-lb. Can \$4.00, Postpaid

WHAT ABOUT VITAMIN B1

Vitamin B-1 is necessary for root growth. Plants that this vitamin grow better when Transplantone is fed to. For plants that have enough B-1, Transplantone is because it contains other important stimulating vitamin chemicals. Transplantone is a balanced vitamin hormone stimulant for plants in general.

Blueberries

These blueberry plants are a source of superlatively fine fruit, but also are ornamental shrubs of rare beauty. They may well be used in association with their close relatives laurel and rhododendron. In pleasant contrast to the rich evergreen masses of the latter, blueberries give lightness, grace and color.

In spring, the dainty new leaves of blueberries with their pink, bronze tone are very lovely. Even more charming are the carmine-tipped buds and myriads of waxy, white flower bells. The berries, at first green flushed with pink on the sunny side, then ripening to a lovely soft blue, are exceedingly beautiful till past midsummer. To no foliage does autumn bring a more glorious and lasting crimson. When the gorgeous leaves drop there remains all winter bright red twigs, knobby with the fat buds enfolding the promise of next spring's flowers, and what is much more important a crop of the most delicious fruit you ever tasted. They are a real money-making crop.

Prices of Blueberry Plants	Each	10	100
6 to 12 in., 2 yr.	\$0.35	\$2.75	\$22.00
12 to 18 in. 3 yr.50	4.00	30.00
18 to 24 in., 4 yr.60	5.50	45.00

If larger plants are wanted send inquiry for prices.

There has developed an enormous demand for these plants, especially for fruit. If you have not been getting some of this trade you are missing some good profits. They are easy to grow and handle. Put in a small stock and let us supply you; we will send to you or direct to your customers under your tags. (We sold over 60,000 last season).

Description of Varieties

BURLINGTON. This is one of the newer varieties. Berries are excellent flavor, very large size and quite uniform. An unusually good keeper. Bush is medium high and crops heavily, and later in the season than other late varieties.

CABOT. A very early variety. Plants seldom exceed three feet in height and make a broad low bush. The color of the new growth in winter is a light red over olive. The large berries have a delicious sub-acid flavor. Can only furnish this in 6 to 12 in. and 12 to 18 in. sizes.

CONCORD. The bush is of upright habit and at maturity exceeds six feet in height. The young growth is bright red in winter. The berries are large, frequently reaching three-quarters of an inch in diameter. They usually ripen a few days earlier than Rubel and are very fine in flavor.

JERSEY. The bush is of vigorous habit and grows very large. The winter color of the young growth is a light red over golden brown. The berries are among the very largest, light blue and ripen about the same time as Rubel.

JUNE. A little earlier than Cabot. Berry is large, of medium blue color, sweet and delicious when fully ripe, with a slight sub-acidity. Newer and probably better than Cabot.

RANCOCAS. The bush of slender, vigorous, upright habit rarely surpasses five feet in height. The winter twigs are dark red. The berries are somewhat larger than those of Rubel and begin to ripen several days earlier.

RUBEL. A vigorous, productive variety. Well developed bushes stand six feet high and the winter color of the young wood is a rich red. The large berries of fine color are usually ready to pick the first week in July.

STANLEY. Some consider this the most delicious of all the blueberries. Produces good yields of large berries in mid-season. This is one of the newer varieties.
